COMMENTS BY DATE
1/24/18 Made it into set up trap at approximately 1100; road and ground conditions were quickly thawing and turning to mud
Made the decision to attempt to trap due the limited window for egress with loaded semis out of HMA
1/26/18 Roads were frozen and good to ship on; did not fly due to mechanical problems

Number of animal deaths to Date: (Acute/Sudden and/or Chronic/Preexisting)

Chronic/Preexisting: 1 1/24/18 euthanized 15 year old mare missing one eye and partially blind in other eye

Acute/Sudden: 1 1/24/18 15+ year old gray mare died in holding corral; necropsy identified previous skull fracture
Resulting in acute death

Number of Public/Media Present:
1/25/18 - 8 viewers; 1rep AWHC, 1 local private photographer; 6 locals
1/26/18 - 1 viewer (RAC incumbent) watched loading

Notable Incidents:
1/24/18 1 gray stud jumped out of holding while feeding hay

Environmental Conditions Start temp 26; ending temp 32; cold and slightly breezy conditions
