Week of November 5<sup>th</sup> Bobby will be doing site visit. Mark agreed that week will work.

6. Miscellaneous

Mark M.-Progress on transmitter problem. The new transmitter on the DGA re-boiler was calibrated and working perfectly. (1453) I think.

We are waiting on supplies for winterization including the heat trace and thermostats.

If you are receiving alarms about the fans in the database it is because they were getting stuck so we had to turn them off and on a couple of times to get them going again.
