

Cliffside Refiners Limited Partnership Meeting

September 18, 2018 @ 9:00 AM

Attendees:

(Cliffside) Barry S. Brad H. Mark M. Emress B.

(Downtown)

(NOC) Heath M.

(CRLP) Nick D. Bobby S. Tony (Praxair)

I. Call to Order

II. Roll Call

- Noted

III. Antitrust Issues

Nick D.-Provided to list of attendees on call, if anyone has any questions please let me know

1. FAR Contract Invoicing

Nick D.-nothing new

2. Review Plant Issues/Deficiencies

Nick-I changed the agenda format a little bit, I added some of the notes from last week, nothing major, just trying to capture what we discussed.

We discussed last week what we need to go after to replace parts proactively or just wait for parts to fail this isn't a specific action item just what we talked about last week.

3. Review Projects and Proposals

Heath-Booster compressor will be sole source so it will not be on FedBizOps

Nick-We would need another CRLP acceptance of the work done, just keep that in mind.

Training proposal I saw some correspondence between Mark and Ted, moved back to Oct 1st is what I saw. I saw a note from Marty that he sent a note to Siemens so there is some activity there but I don't have any details

Waukesha #2 oil usage is in question so we need to do some more investigation into that. How does it match up to the other machines? Need Alex back in town to get more information and discuss further.

Waukesha building safety project let me know after you have had a chance to review it.

4. Review Event Horizon- nothing new

5. CRLP Plant Visits

Bobby will be at the plant Thursday and Friday Sept 27-28 so that he can attend the Time Column event Saturday.

Ted Wells will be here the week of Oct 1st.
