Users can help ensure a map is as accurate as possible by reporting errors and adding corrections. Getting around can be challenging as trail locations are generally unimproved. Users are advised to carry a map and compass. The accuracy is based on the Bureau of Land Management as to the accuracy, reliability, or completeness of those data for individual or aggregate use with other data. Original data were compiled from various sources. This information may not meet National Map Accuracy Standards. This product was developed through digital processes and may be updated without notification. M17-04-02
