## Nature Art

Did you ever think about creating art without any art supplies? You can! Use the natural materials you find in your yard or another open space.

### Directions

1. Gather natural materials like sticks, rocks, grass, leaves, and snow.
2. Use your materials to make a work of art. You could create a pattern, build a sculpture, or make a picture. Make your creation as big or as small as you want.
3. Share a picture of what you made with a friend.
4. Remember to Leave No Trace and take apart your art when you are done.

### Examples

### Materials

- Natural items

### Questions

After creating your art, take time to reflect.

- What was your artistic process?
- What inspired you?
- What will your next nature sculpture look like?

*Search the internet for "natural item nature art" for some inspiration.*
