Provision for Disabled Vehicles

A reasonable attempt must be made on the day of registered use to move disabled vehicles to the entrance of Coyote Canyon on the Black Ridge Road. Disabled vehicles may remain at the Coyote/Black Ridge Road intersection for up to 48 hours. If a vehicle cannot be moved to the Black Ridge Road, registrants must move the vehicle so that Coyote Canyon is not blocked. Do not leave disabled vehicles in front of the entry gate. If registrants cannot remove the vehicle on the day of their trip, they may return the following day to retrieve the vehicle. The trip leader must call the MFO on the first business day following the vehicle retrieval to inform the BLM of the additional entry into Coyote Canyon. All use of Coyote Canyon must cease by 5 p.m., including attempts to remove disabled vehicles.
