

Cliffside Refiners Limited Partnership Meeting

May 18, 2021 @ 9:00 AM

Attendees:

(Cliffside) Mark M. Rodney C. Brad H. Keith L. Erick H.

(Downtown) Sam B.

(CRLP) Nick D. Bobby S. Bob L. John S. Brad B.

Kaylyn S. Mike D. Mike C.

Discussed COVID 19 changes. None for BLM or Private Industry

Skipped Section C and 2 and discusses Bypass Log.

MOC's on Methane Pump, 80-gallon water heater, 480 volts circulating pump for eye wash station on DGA Skid.

Mark Musick provided information that 84 degrees recommended for year-round use.

Quotes to Patrick's Plumbung provided. Nick Demai will look into this as unsure if AP out this heater in.

Reviewed Waukesha work and building repairs work. Nick Demai described this as having three discrete elements to repairs. One is the electrical evaluation of the building. Will send proposals to Sam.

Nick asked about progress for the Safety Report. Sam detailed the PSM reporting requirement to personnel and the recommendations from the report. Nick stated that the response is inadequate and reported that they are calling to replace BLM as the operating company for the CRLP contract.

Meetings to be scheduled with Nick, Sam Erick and Ken Morin for PSM project priorities.
