

## Cliffside Refiners Limited Partnership Meeting

June 1, 2021 @ 9:00 AM

### Attendees:

(Cliffside) Keith L. Gary A. Mark M.

(Downtown) Sam B. Emress B.

(NOC)

(CRLP) Nick D. Bob L. John S. Randy  
Kaylyn S. Mike D. Mike C. Nick H.

### Roll Call

➤ Noted

**Nick D.**-Antitrust guidelines apply. If there are any questions, please let me know.

Any update on COVID?

**Sam B.**-All of our quarantine issues have been resolved, we don't have anymore positive cases that have been reported.

**Nick D.**-Plant went down last night on compressor suction transmitter issue.

**Mark M.**-Pressure is up and down a little bit. Currently at 1217.

**Nick D.**-Last week's call was interrupted due to location of some of the participants. We did receive a copy of the ventilation report. I have read it and I need to follow up with Eric on some of the details so that is where that is progressing. Life safety systems we talked about that and the work done during the March outage.

Mark you indicated that you were having your OSHA 30 training.

**Keith L.**-It takes 4 days to complete, we have 12 to 13 people in the classes. The operators have to do other training maybe online training so we can get everyone in the training. I am hoping by the end of June we can have everyone at the facility trained.

**Nick D.**-Is there an update on the NGL report that was in process?

**Sam B.**-Notification has been given to all BLM employees by the State Office.

**Nick D.**-We talked about taking the report to the next level with action items.

I did receive notification from Eric that he was going to take that further.

**Keith L**-We did talk about that and I addressed that in the statement letter that we are going to send out but still need to have a meeting with Mark and Sam for them to sign off on it and get that sent out.

**Nick D.**-That primarily covers what we were going to go over today. Anything from the group we want to highlight?

Alright, sounds good Sam. That's all I had Emress.
