# Statement of Interest

Please address the following criteria:

- 1) Outline one or more, site-related, visitor outreach projects or events in collaboration with the hosted teacher intern. Include information on how hosting a teacher will further your site's visitor outreach, recreation and community engagement goals. Projects or events should also focus on national priorities such as climate change, improving access to outdoor recreation, building a conservation stewardship legacy by engaging the next generation of public lands users and supporting the needs of our local communities. Priority will be given to projects developed in partnership with Indian Schools and/or sites that develop a Greening STEM project.

2) Does your Manager support this application to host a Teacher on the Public Lands?  
(check yes/no) Please be sure to include his/her contact information above.

yes          no

3) If your site is chosen to host a teacher will you commit to the following  
program requirements? (check yes/no)

yes          no

Recruit a teacher intern

Complete a project agreement in collaboration with the teacher intern  
outlining the level of effort to successfully complete TPL experience.

Provide space and equipment for the teacher intern to conduct project  
development activities, including research, planning and materials  
development (if needed).

Provide consultation, advice and assistance to teacher  
intern. Provide necessary training in appropriate aspects of  
the BLM.

Provide an overview of the BLM, its mission and internal programs,  
and explain how education supports this mission.

Provide adequate training to teacher intern to successfully complete  
program.

Provide, and pay for, a basic background check so your hosted teacher  
intern can gain access to government facilities and equipment in a  
timely manner (if needed).
