Grand Canyon-Parashant National Monument

Recreation Fee Program Spending & Accomplishment Highlights 2021

Information and Safety Signs

Information and Safety Signs

The BLM installed two 4x8-foot visitor safety signs along a high-traffic main entry road to the monument. The signs note that the road does not provide direct Grand Canyon National Park access. The signs also provide visitor safety recommendations. Expended amount: \$1,023

Tassi Ranch

Recent work completed at Tassi Ranch

A new site sign and split rail fence were installed at Tassi Ranch. Grass and other vegetation were trimmed, and hazardous trees were removed to ensure visitor safety and protect the ranch's historic structures. The buildings at Tassi Ranch are some of the best examples of early 20th-century historic structures on the monument. Expended amount: \$1,731

Recreation Fee Dollars

Recreation fee dollars are an investment in outdoor recreation. Current and future generations benefit as 100% of the funds collected are reinvested in the facilities and services that visitors enjoy, use, and value.

They support and enhance:

- Maintenance, repair, and facility enhancement related directly to visitor enjoyment, visitor access, and health and safety
- Interpretation, visitor information, visitor service, visitor needs assessments, and signs
- Habitat restoration directly related to wildlife- dependent recreation that is limited to hunting, fishing, wildlife observation, or photography
- Law enforcement related to public use and recreation Direct operating or capital costs associated with the recreation fee program

Other Accomplishments

- Installed 60 directional signs throughout the monument.
- Maintained three wilderness trails and boundary markers.
- Applied linseed oil on six split rail fenced areas near trailheads and parking areas.
- Completed required contracting documents to award contracts for installing four vault toilets at Lime Kiln, Tassi Ranch, Nampaweap, and Grand Gulch Mine.
- Installed two wayside interpretation signs.
- Worked with Volunteers to conduct visitor satisfaction surveys.
- Completed National Public Lands Day trail maintenance. Expended Amount: \$1,429.18

Connecting with Communities

The Bureau of Land Management and the National Park Service cooperatively conserve and protect undeveloped, wild, and remote northwestern Arizona landscapes and their resources within the Grand Canyon-Parashant National Monument. We coordinate and work with various Tribes, agencies, groups, and universities in providing opportunities for solitude, primitive recreation, scientific research, and historical and traditional uses within the monument. Examples of who we coordinate with include off-highway vehicle clubs, Arizona Game and Fish Department, Arizona Historic Preservation Office, Kaibab Band of Southern Paiute Indians, Southern Utah University, and private property owners within the monument including the Bar 10 Ranch.
