

### Motorcycle Special Recreation Permits

### Perjue Canyon Implementation

Pre-check processing for youth rider

The majority of Bruneau Field Office's 1232 funds are generated through several annual desert motorcycle races. Each race spans nearly 100 miles drawing in hundreds of competitors from across the West.

Perjue Canyon implementation site

The Perjue Canyon site and environmental education project will provide facilities for environmental education and other visitors adjacent to Little Jacks Wilderness, in Owyhee County, Idaho. The area is designated as a Hands-on the Land Site for education and outreach and is proposed for future construction in the coming years.

**Amount Expended: \$945.00**

### Recreation Fee Dollars

*Recreation fee dollars are an investment in outdoor recreation. Current and future generations benefit as 100% of the funds collected are reinvested in the facilities and services that visitors enjoy, use, and value.*

They support and enhance:

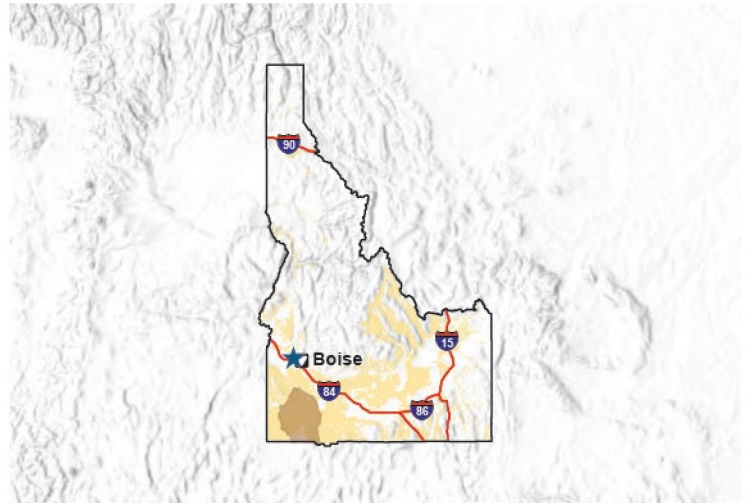

- Maintenance, repair, and facility enhancement related directly to visitor enjoyment, visitor access, and health and safety
- Interpretation, visitor information, visitor service, visitor needs assessments, and signs
- Habitat restoration directly related to wildlife- dependent recreation that is limited to hunting, fishing, wildlife observation, or photography
- Law enforcement related to public use and recreation
- Direct operating/capital costs associated with the recreation fee program

Other Accomplishments

FY22 fees collected also provided the opportunity for Bruneau Staff to properly monitor all Special Recreation Permit events.

Connecting with Communities

The Bruneau Field Office actively works to connect communities and recreationists. The Field Office has partnered with several rural communities within Owyhee County, Idaho, to engage K-12 populations. These partnerships provide hands-on field experiences, such as citizen science and environmental projects. The Bruneau Field Office also frequently hosts National Trails Day and National Public Lands Day events.
