Recreation Fee Dollars

Recreation fee dollars are an investment in outdoor recreation. Current and future generations benefit as 100% of the funds collected are reinvested in the facilities and services that visitors enjoy, use, and value.

They support and enhance:

- Maintenance, repair, and facility enhancement related directly to visitor enjoyment, visitor access, and health and safety
- Interpretation, visitor information, visitor service, visitor needs assessments, and signs
- Habitat restoration directly related to wildlife- dependent recreation that is limited to hunting, fishing, wildlife observation, or photography
- Law enforcement related to public use and recreation
- Direct operating/capital costs associated with the recreation fee program

Other Accomplishments

Additional PFO's staff have been trained to operate side-by-sides and will be able to assist in public outreach in the field.

Basic operations and maintenance for recreation sites around the field office.

Connecting with Communities

The Pahrump Field Office looks to enhance the recreational activities of all public land areas throughout Nye County. This is done through outreach activities and attending local community events. We share our ideas and work accomplishments. However, we welcome all views on what federal public lands throughout Nye County can do to keep our community a safe and fun recreational place for all.
