Kasha-Katuwe Tent Rocks

National Monument

Recreation Fee Program Spending & Accomplishment Highlights 2022

Closure Continues

Sorry KKTR Closed

Kasha-Katuwe Tent Rocks National Monument remains closed since March 13, 2020. Access along NM22 is currently limited to Tribal members to reduce COVID-19 exposure to the gateway community of Pueblo de Cochiti. The BLM continues to make efforts in reopening discussions and planning with the Cochiti Pueblo.

Land Rest During Closure

Scenic view of Kasha-Katuwe Tent Rocks Hoodoos

Visitors have been missed at the Monument during the closure. However, the trails, wildlife, vegetation, and landscape has had much needed rest. Upon reopening, visitation will be reduced to allow for a more sustainable recreation experience.

Recreation Fee Dollars

They support and enhance:

- Maintenance, repair, and facility enhancement related directly to visitor enjoyment, visitor access, and health and safety
- Interpretation, visitor information, visitor service, visitor needs assessments, and signs
- Habitat restoration directly related to wildlife- dependent recreation that is limited to hunting, fishing, wildlife observation, or photography
- Law enforcement related to public use and recreation
- Direct operating or capital costs associated with the recreation fee program

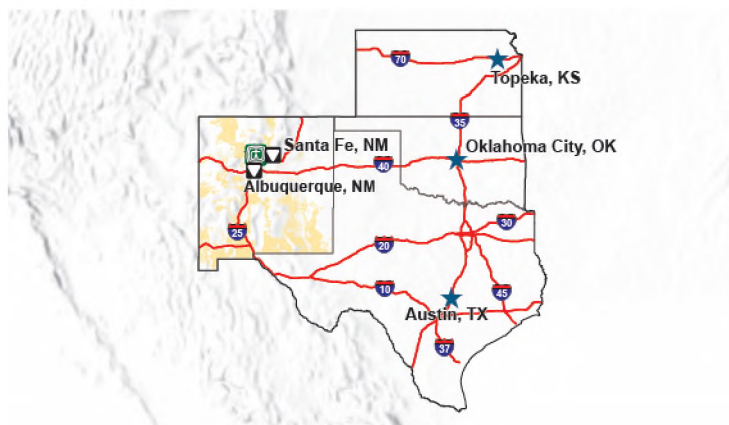

Recreation fee dollars are an investment in outdoor recreation. Current and future generations benefit as 100% of the funds collected are reinvested in the facilities and services that visitors enjoy, use, and value.

Other Accomplishments

- Kasha-Katuwe Tent Rocks National Monument was closed for the entirety of Fiscal Year 2022, and no collections were made.

Habitat Restoration	\$0.00
Collections/Overhead	\$5,000.00
Total Recreation Fee Expenditures for FY23:	\$102,000.00
Carryover Funds To FY23:	\$54,754.88
FY23 Projected Revenue:	\$30,240.00

Connecting with Communities

The BLM recognizes the need for collaborative relationships with community service providers as communities expand and demands increase for open space recreation and other authorized uses of public lands. Partnership in community networks including local government agencies at all levels (e.g., city, county, Tribal, state, and Federal) enable the BLM to manage recreation resources on public lands to deliver social, economic, and environmental goals. Private industries and businesses are also key service providers, including educational institutions, commercial tour providers, retail businesses, and other nongovernmental organizations. The BLM intends to increase and improve collaboration with community service providers by fostering current partnerships and identifying and developing new ones.

An essential aspect of Presidential Proclamation 7394 that created the Monument is the recognition of the human settlement. The Proclamation also directed the BLM, pursuant to applicable legal authorities, and in close cooperation with the Pueblo de Cochiti, to implement the purposes of the Proclamation.
