

GREAT AMERICAN OUTDOORS ACT

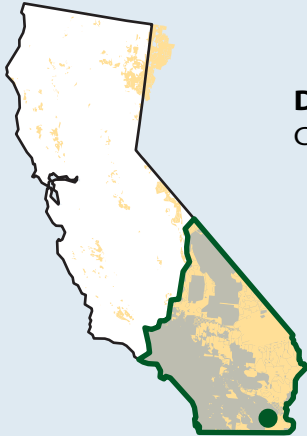

Cahuilla Ranger Station Replacement

Project ID: L309

Building and Structures Project

CALIFORNIA

District or Unit Name:
California Desert District

Recreational Values: Auto touring, camping, hiking, off-highway vehicle use, photography, recreational vehicles, scenic viewing, wilderness, wildlife viewing

Description: The Cahuilla Ranger Station replacement will advance employee and public health and safety by improving law enforcement and rescue staff response and support at the Imperial Sand Dunes Recreation Area, by constructing a facility to accommodate operational needs. The existing building is an aging modular structure in poor condition. The replacement facility will incorporate resiliency in its design and reduce fossil fuel dependence by adding solar power.

GAOA Funding, Fiscal Year 2023:

\$8,225,000

Estimated Deferred Maintenance Reduction:

\$8,225,000

Total Economic Impact of Project:

101
jobs supported

\$11.1 million
in economic contributions

Cahuilla Ranger Station Office Building
