

# Module Reflection Rubric

## *Module 4: Salmon in Alaska*

### **Reflection: Salmon Game**

Describe your game. Give specific instructions so anyone could play it.

If possible, upload a picture of your game design.

<b>Rubric Score</b>	<b>Description</b>
<b>5</b>	Student provides a <b>detailed description</b> of their salmon game that <b>includes all the required elements</b> (each part of the salmon life cycle, all three salmon habitats, and at least two challenges salmon face).
<b>4</b>	Student provides a <b>detailed description</b> of their salmon game that <b>includes most but not all the required elements</b> (each part of the salmon life cycle, all three salmon habitats, and at least two challenges salmon face).
<b>3</b>	Student provides a <b>detailed description</b> of their salmon game that <b>includes some but not all the required elements</b> (each part of the salmon life cycle, all three salmon habitats, and at least two challenges salmon face).
<b>2</b>	Student provides a <b>basic description</b> of their salmon game that <b>includes some but not all the required elements</b> (each part of the salmon life cycle, all three salmon habitats, and at least two challenges salmon face).
<b>1</b>	Student provides a <b>basic description</b> of their salmon game that <b>includes one or fewer of the required elements</b> OR the response is blank, unreadable, or lacks the information necessary to communicate ideas.
