

Attachment 3.a - Megawatt Hour (MWh) Rate Schedule

2024* MWh Rate	2025** MWh Rate
\$ 57.10	\$ 58.81

* available only for new rights-of-way

** available for new and re-issued rights-of-way

The MWh rate schedule uses the Energy Information Administration (EIA) reported wholesale values in the 11 contiguous western states. A re-evaluation of wholesale prices per MWh will occur in 2024 using the most recent full calendar year EIA reported values (2020-2024) to update the MWh rate schedule for years 2026-2030.
