Coastal Plain RFQ - Final.docx

Nicole,

Here is the current information that has been provided to vendors.

Due to holding up an extension, the RFQ has not been changed to best value and is remaining LPTA in order to maximize competition and minimize the changes to the vendors. One vendor has already expressed that they will not be submitting (not the same vendor that requested and extension) and I am concerned that this project may not happen if we are not able to adequately work with the vendors.
