Good morning. I am the contracting officer for the referenced requirement and am currently putting together a source selection board for proposal evaluation. Your name was given to me as a possible board member.

Please let me know if you would be able to participate in the board or are interested. The timeline on this is somewhat short. It is anticipated that the board will meet within the next day or two (telephonically) and should be able to be completed within about half a day.

Statement of work attached for your reference.

Thank you.
