Ms. Montoya,

Good morning. I am the contracting officer for the referenced requirement and am currently putting together a source selection board for proposal evaluation. Your name was given to me as a possible board member by our Associate State Director, Ted Murphy. Please let me know if you would be able to participate in the board or are interested. The timeline on this is somewhat short. It is anticipated that the board will meet within the next day or two (telephonically) and should be able to be completed within about half a day.

Statement of work attached for your reference.

Thank you.

Hello Patrick-

I'm not sure I'm the correct Jennifer for this. I am based in New Mexico. I am unfamiliar with this project. Could you tell me a little more?

Jennifer,

I have spoken to Nicole Hayes and our management. After hearing your concerns about knowledge of the EIS and proposals, they have stated that having your experience in reviewing other proposals and outside perspective of this project would be an advantage. If it is acceptable to you and fits in your schedule, we would like to add you to the source selection team for this.

Please let me know if this works for you.

Thank you.
