This booklet contains statistics about the Bureau of Land Management in Oregon and Washington. Most of the figures pertain to fiscal year 1966 (July 1, 1965 to June 30, 1966). For comparison, data for the preceding year are usually listed, too. In a few cases it has been more appropriate to list data on a calendar year basis.

Resource management facts are provided for the ten BLM districts in Oregon and the one BLM district in Washington.

January 1967

LANDS MANAGED BY THE BUREAU OF LAND MANAGEMENT

Public lands under the exclusive jurisdiction of the Bureau of Land Management, United States Department of the Interior, in Oregon and Washington. Includes public domain, revested Oregon & California Railroad grant lands, reconveyed Coos Bay Wagon Road grant lands, Land Utilization Project lands, and certain other categories. Acreages are as of June 30, 1966 and are approximate. Lands managed by BLM are 25 percent of the total acreage of Oregon and less than 1 percent of Washington.

District	Acres

FIRES

Number of man-caused and lightning-caused fires, with acres burned on lands managed by the Bureau of Land Management in Oregon and Washington. Fire control is by BLM in eastern Oregon and by contract in western Oregon and Washington. The Oxbow fire started in the Eugene District and spread to the Roseburg and Coos Bay Districts.

Created in 1849, the Department of the Interior – a Department of Conservation – is concerned with the management, conservation, and development of the Nation's water, wildlife, mineral, forest, range, and recreational resources. It also has major responsibilities for Indian and Territorial affairs.

As the Nation's principal conservation agency, the Department works to assure that nonrenewable resources are developed and used wisely, that park and recreational resources are conserved for the future, and that renewable resources make their full contribution to the progress, prosperity, and security of the United States – now and in the future.
