

## **Review of Proposed Records of Decision And Other Documents**

**Date:**

**To:**

**Through:**

**From:**

**Bureau/Office:**

**Project/Title:**

**One Paragraph Summary of Proposed Decision:**

*Provide a brief description of the land tenure action being taken by describing the tracts of land that are the subject of disposal, exchange, or acquisition.*

**Need and Deadline for Issuance:**

*Provide a brief description of the need for the land tenure action to be taken and any deadline that the decision must meet.*

**Positions of Affected Stakeholders:**

*Briefly identify the interested stakeholders and their stance on the land tenure action.*

**Key Facts:**

*Provide the title of the associated NEPA compliance document, the documents' DTS number, and the citation for recreational access within the NEPA document. Additionally, provide a brief discussion of:*

- *The affected public lands;*
- *Existing recreational access/recreational usage on the tract being considered;*
- *The existence of roads, trails, water ways, easements, or rights-of-way and their recreational value;*
- *How the land tenure action will impact the public's recreational access;*
- *Whether the affected tract of land is contiguous with other Federal or State managed lands and describe coordination efforts with that agency/entity to ensure that public recreational access is considered;*
- *The anticipated impacts to adjacent tracts; and*
- *The potential for increased recreational access.*

**State Land Tenure Analysis:**

*In this section, the relevant State Office will provide a breakdown of its BLM managed-acres that have temporarily or permanently left federal management or ownership since 2017 (e.g. R&PP,*

*direct sale, conveyance, SNPLMA sale, etc.). In addition, the State Office will identify the total number of surface acres managed by the BLM in its state's footprint. The State Office will then provide a percentage of how much of its surface estate temporarily or permanently left federal management or ownership on an annual basis since 2017.*

**Other Relevant Considerations:**

*Provide a brief description of other relevant considerations to the land tenure decision that were not addressed in a previous section.*
