

BUREAU OF LAND  
MANAGEMENT

Adjusted 2012  
NASS Census Per-Acre  
Land and Building (L/B)  
Values and Rent  
Schedule Zones

---

For Use with the  
2016 through 2020 Solar and Wind Energy  
Acreage Rent Schedule

Attached is a list of counties (*and other geographical areas*) with their respective assigned per-acre zone value based on 2012 NASS Census data. All Land and Building values shown have been reduced by the state-specific factor to represent the total value of all irrigated acres, plus acres in the “other” category (which includes buildings, roads, ponds, and wasteland) to total farm real-estate value. The 2017 NASS Census is expected to be available early in calendar year 2019. The 2017 NASS Census County Land and Building values data will be used to reevaluate a counties appropriate rent schedule zone for calendar years 2021 through 2025.
