LAND ACQUISITION REQUEST INFORMATION (LARI)**

Project Area Name:

Third Party and their involvement with the acquisition:

BLM Leadership goal:

County:

State:

Congressional District and Member:

Planning Conformance:

The proposed action is subject to the following land use plan:

Resource Management Plan:

Approved:

Land Use Plan Decision Language:

Property Description: Number of acres now accessible due to this acquisition, types of activities occurring on this and surrounding property such as boating, camping, picnicking, driving, swimming, hunting, fishing, nature study, hiking, equestrian, biking, rock climbing, snowmobiling, special events... etc. Do alternative public access routes (which may be less convenient or may not provide motorized access) currently serve this area? Will construction (or reconstruction) be required to facilitate the recreational activities, and if so, how much and from what source?

# Acres Newly Accessible	# of Visitor Use Days	# Miles of Trail/Road	Motorized/Non-motorized	Fee or Easement	Leveraged Funds and <u>Source</u> :
					\$

Other resource values, such as biological, cultural, visual, etc.:

Risk Factors: If the land is not acquired....

Availability of Parcel/Pre-purchased/Optioned:

Has this project ever received LWCF funds: If so, how much funding and how many acres were acquired?

What level of interest and local support exists for this acquisition?

Basis for Estimated Value:

Estimated Time Frames for Acquisition (not more than 3 year timeframe):
